CONTENTS.

VOL. XXVIII.

Page

Adjustment of condition..419, 473
Adjustment of condition-observations of least squares, 419, 473
Agricultural statistics 137
Alexandra dock..... 437
Aluminium..... 263
American and European fast trains..... 390
American practice of steam heating..... 375
Ancient metrics and English mile 383
American Society of Civil Engineers...80, 168, 345, 436, 518
American steam heating 505
Antwerp water works.....80, 227
Architecture, new style of.... 248
Areas of railway cross-section 1
Armor plate experiments..... 514
Armor plate tests..... 171
Artificial parchment..... 175
Artillery trials at Spezzia..... 172
Automatic couplings 438

Basic process..... 84
Batteries, storage..... 470
Black varnish..... 523
Blast furnaces..... 39
Boiler flues, strength of..... 165
Boilers, test of 65

BOOK NOTICES:

Barry, Jos., C.E., Water: its Composition, Collection, and Distribution..... 350
Bloxom, Prof. C. L., Chemistry..... 522
Brown, J. C., LL.D., Forests of England..... 439
Brown, John Croumbie, French Forestry..... 522
Browne, Walter R., Student's Mechanics..... 522
Campin, Francis, Details of Machiney..... 439
Davis, Geo. E., F.R.M.S., Practical Microscopy 350
Gillett and Rolfe, The Heavens above 262
Hellyer, S.S., Science and Art in Plumbing 350
Jackson, L.D.A., Hydraulic Manual 439
Lock, Wigner, and Harland, Sugar Growing and Refining..... 262
Lunge, Geo., F.R.S., Distillation of Coal Tar..... 262
Parkes, Edmund A., Practical Hygiene..... 523
Porter, Chas. T., The Porter-Allen Engine..... 522
Pray, Thos., Jr., C.E., Twenty Years with the Indicator.. 439
Preble, Geo. H., U. S. N., History of Steam Navigation. 349
Proctor, Richard A., The Great Pyramid..... 439
Rankine, Prof. J. M., Rules and Tables 523
Routh, E. J., F.R.S., Dynamics of a System of Rigid Bodies.. 349
Seaton, A. E., Marine Engineering..... 523
Sylvester, W. A., Carpenters and Builders' Guide..... 350

Page

Thompson, Silvanus, Dynamo-Electric Machinery. 522
Ware, Wm. R., Modern Perspective 523
Boston water works 519
Bridge over the Forth 40
Bronze vs. Nickel..... 87
Building woods, seasoning of. 120

Cable, new..... 344
Canal age. 176
Canals for irrigation..... 472
Canal of Corinth..... 169
Canal, Panama..... 207
Canal, Suez..... 257
Carbon and manganese in iron and steel 163
Carbon in steel..... 446
Cast steel rails 171
Cause of silt movement..... 32
Channel tunnel railway bill... 438
Chilled iron vs. steel... 347
Chimneys, draught of..... 46
Chinese locks..... 87
Civil engineering..... 191
Cleaning old engravings..... 88
Condensed fuel..... 176
Condition-observationsof least squares 419, 473
Condition of carbon in steel.. 446
Conductive circuit..... 201
Construction of electro-magnets.....51, 89, 177
Corrosion of cast-steel and soft iron..... 440
Corrosion of steel..... 260
Cost of electric lighting..... 264

Damp walls 299
Danube-Elbe canal..... ... 80
Dimension of the S. S. Tartar. 440
Discold projectiles..... 171
Distribution of water..... 472
Deep sea sounding..... 17
Deflective effect of the earth's rotation 297
Dephosphorization process... 173
Derailment question 468
Derailments..... ... 117
Draught of chimneys..... 46
Drawing instruments, new.... 524
Dynamo-electric machinery 211, 265, 404

Earth's rotation..... 297
Earth's rotation, influence on derailments..... 117
Ebonite surfaces 524
Electrical experiments..... 175
Electric-current experiments. 370
Electricity, method of generating 352
Electric lighting..... 101
Electric lighting in mills..... 228
Electric potential, energy and work 386
Electric railway..... 520
Electric railways..... 82
Electro-magnetic motor 523
Electro magnets, construc-of.....51, 89, 177
Engine, Worthington 287
Engineer's Club of Philadelphia..79, 169, 256, 345, 436, 519
English mile..... 383
Euphrates valley railway..... 185
European and American fast trains..... 390

Page

European city statistics..... 351
Expansion of steel in hardening..... 85
Experiments, armor plate..... 514
Experiments, hydraulic ...320, 353
Experiments in gunnery..... 244
Experiments with metals..... 263
Explosive, new..... 87
Explosives, experiments in ... 87
Eygptian and Chinese locks .. 87

Fast trains in Europe and America..... 390
Floods, prevention of..... 108
Fluid, carbonic acid, for extinguishing fires..... 352
Formula, hydraulic.....138 393
Forth bridge 40
Freeboard.. 524
Furnace slag for cement..... 87

Gases, theory of 123, 254
Gas made from human fæces. 352
Gas, water.. 7
Gauge system, standard 441
Geodetic work..... .419, 473
Geodetical operations 283, 419
Geological survey of Italy.... 135
Germany, transportation in... 295
Great wall of China..... 169
Gunnery experiments in Spezzia..... 244

Hardness of steel 347
Heating by steam..... 505
Hydraulic excavating..... 258
Hydraulic experiments..... 432
Hydraulic experiments, recent 320, 353
Hydraulic silica..... 440
Hydraulic tables.....138, 393

Imitation of ivory..... 350
Imitations of precious stones. 50
Inductive and conductive circuits..... 201
Influence of earth's rotation on derailments..... 117
International electric exhibition..... 263
Iron and steel, carbon in..... 163
Iron and steel plating..... .. 176
Iron and steel, structure of... 15
Ironclad, new..... 261
Iron in contact with lead..... 352
Iron produce of the world.... 88
Iron ships, Lloyd's rules for .. 172
Irrigation canals 472
Italian naval review of 1882... 439
Italy, survey of..... ... 135

Kinetic theory of gases....123, 254
Kutter's formula 138, 393

Lay torpedo..... 350
Least squares, applied.....419, 473
Light, electric... 101
Lighting mills by electricity .. 228
Locomotives, new 82
Locomotive torpedoes..... 261
London water mains..... 190

Machinery, dynamo-electric.. 211, 265, 404
Magnets, electro 51, 89, 177
Manganese bronze..... 440
Manganese in iron and steel.. 163
Metals in water..... 523

	Page
Method of determining areas	1
Microscopic structure of iron and steel	15
Mills, electric light in	228
Mississippi river silt movement	32
Motive force from gunpowder	264
Motor, electro-magnetic	523
Movements of the ground	524
New style of architecture	248
Nickel vs. Bronze	87
Norwegian geodetical operations	283
Ocean cables	346
Oil for quieting waves, use of	351
Oxygen, discovery of	264
Panama canal	207
Phosphor-bronze	440
Phosphoric acid in cinder	306
Potential, electric	386
Power of railway trains	133
Power, storage of	304
Practice of steam heating	375, 505
Prevention of floods	108
Production of Bessemer steel in 1882	259
Propellers, water-jet	60
Proposed Forth bridge	40
Pulp for cardboard, manufacture of	352
Pumping engine at Buffalo	287
Railway accidents	520
Railway, Algerian	520
Railway collision	176
Railway cross-section	1
Railway curves on grades	518
Railway, Euphrates valley	185
Railway growth in America	260
Railway lines in Russia	348
Railways, Canadian	82
Railways in Algeria	348
Railways in productive countries	261
Railways of the world	260
Railway speeds	170
Railway trains, speed of	133
Railway wheels	171
Recent hydraulic experiments	452
Regulation of rivers	108
Retaining walls	204
River and canal transportation	295
Rivers, changes of level of	31
Rotation of earth	117, 297
Roorkee hydraulic experiments	452
Scour, tidal	148
Seasoning of building woods	120
Signaling in fogs at sea	349
Silt movement	32
Simplon railroad	81
Size of the earth and English mile	383
Soaking pit process	521
Sounding, deep sea	17
Sound instruments	351
Speed of railway trains	133
Standard gauge system	441
Steam heat in buildings	375, 505
Steam heating	505
Steamship of the future	348
Steel, carbon and manganese in	163
Steel, carbon in	446
Steel, effect of compression on	347
Steel for structures	307
Steel iron	173
Steel marine boilers	116
Steel process, improved	521
St. Gothard railway	346
St. Gothard railway statistics	438
Storage batteries	474
Storage of power	300
Strength of boiler flues	165
Structures of iron and steel	15
Students in civil engineering	191
Style of architecture, new	248
Substitute for rosin and lead	263
Suez canal	185, 257
Survey of Italy	135
Survey of Scotland	175
System of triangulation	419
Telephonic currents	184
Temperature, underground	264, 339, 371
Terrestrial deflections	468
Tests of boilers	65
Thermostat current meter	350
Thomas-Gilchrist process	174
Tides and tidal scour	148
Training for students	191
Tramways, Rhineland	520
Transmission of force	101
Transmission of power by electricity	100
Transportation on rivers of Germany	295
Tripolith	86
Trunk lines	264
Tunnel, Arlberg	520
Tunnel at Hamburg	83
Tunnel under the St. Lawrence	170
Underground temperature	264, 339, 371
Vapor currrents	59
Vapor tension	351
Vessels lost at sea in 1881	88
Vice-Admiral von Henk	83
Volume of silt of Mississippi	32
Wagons for railways	348
Walls, damp	299
Walls, retaining	204
Warming by steam	505
Water distribution	472
Water gas	7
Water-jet propellers	60
Water mains in London	190
Waterproofing brick walls	137
Water temperature	88
Wood, seasoning of	217
Worthington engine	280
